¹ During lunch and the poster session, PhD students can give input for the development of an evidence based intervention to promote a healthy academic community for PhD students (see information below).

² Naomi Ellemers is chair of the KNAW committee that examines social safety and integrity in academia. In this presentation, she will give a preview of this committee's report that will be published soon.

³ In the spirit of more inclusive reward and recognition standards in academia, this year poster awards will be awarded in four categories, namely on most promising: (1) value creation from team science, (2) scientific contribution (3) societal impact (4) educational value. Awards are based on jury and public votes. Please visit the poster session and cast your vote here: https://survey.uu.nl/jfe/form/SV_1SIsS8HkgAuNmZM (see p. 54 for QR-code)
